

Patient Safety & Human Factors

Training solutions

**We would love to
help you**

Please feel free to contact us to discuss further
Paul.stretton@quantum-safety.com

Work with people

Work with true expertise

This is not a faceless training consultancy. You will be working closely with a subject matter expert every step of your journey.

“ {Paul} stands on the shoulders of giants but also challenges those same giants as to whether all their approaches are applicable in the context of complexity.”

It has been **wonderful collaborating with Paul** and we look forward to more conversations with him in the future.”

Philosophical Breakfast Club
